

Lexington County Home Grown Mulch

Lexington County Solid Waste Management

Shredded wood mulch is available to residents, businesses and municipalities at the Edmund Landfill off Highway 302, Monday-Saturday, 7:00 a.m.—4:30 p.m

Our mulch is more suited for use around trees and gardens or along water ways, trails and erosion control areas.*

Cost:

Residents: \$10 per load

Businesses/Municipalities: \$20 per ton

*We recommend our mulch not be used directly against houses or other buildings because it is untreated and unrefined.
